

Dr. Friedrich Brauner,

The Doctor comes to us through a prestigious family of doctors, a graduate of the University of Vienna in 1977. Dr. Brauner furthered his desire for higher learning at the world-renowned University Clinic of Dermatology in Vienna, his mother, a doctorate of economics and his father, a doctor of medicine.

In 1983 Dr. Brauner shows his entrepreneurial fervor and dynamic spirit by taking charge of the on going family practice.

At a presentation in Vienna in 2001, Dr. Brauner meets Robert Spigno, Chief Executive Officer of ConectiSys and support staff. Friedrich was impressed by the HNet technology and its potential in the U.S. and European markets. He believes the technology will have an enormous effect upon the energy industry world wide.

In 2003 Friedrich is known as the point man for the Euro Investment Group, earning him an honorary position on the ConectiSys Advisory Board. Brauner evolves into a major shareholder with an ongoing interest in the well being and future development of the Company.
